

which category the majority of our customers are from?

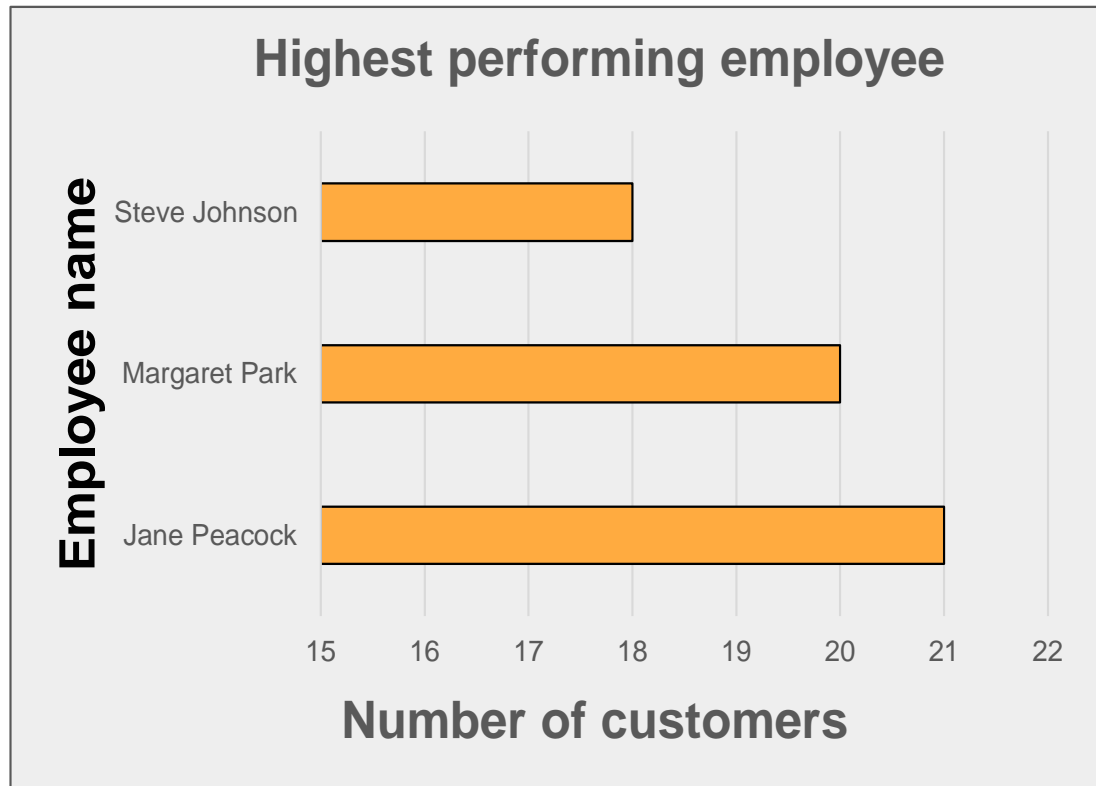

low branch has the most of our customers with 31 customers .

After the drop from 31 to 23 the number of customers is pretty even.

But the lowest category in customers is the top category which consists of only 5 customers.

The largest number of clients

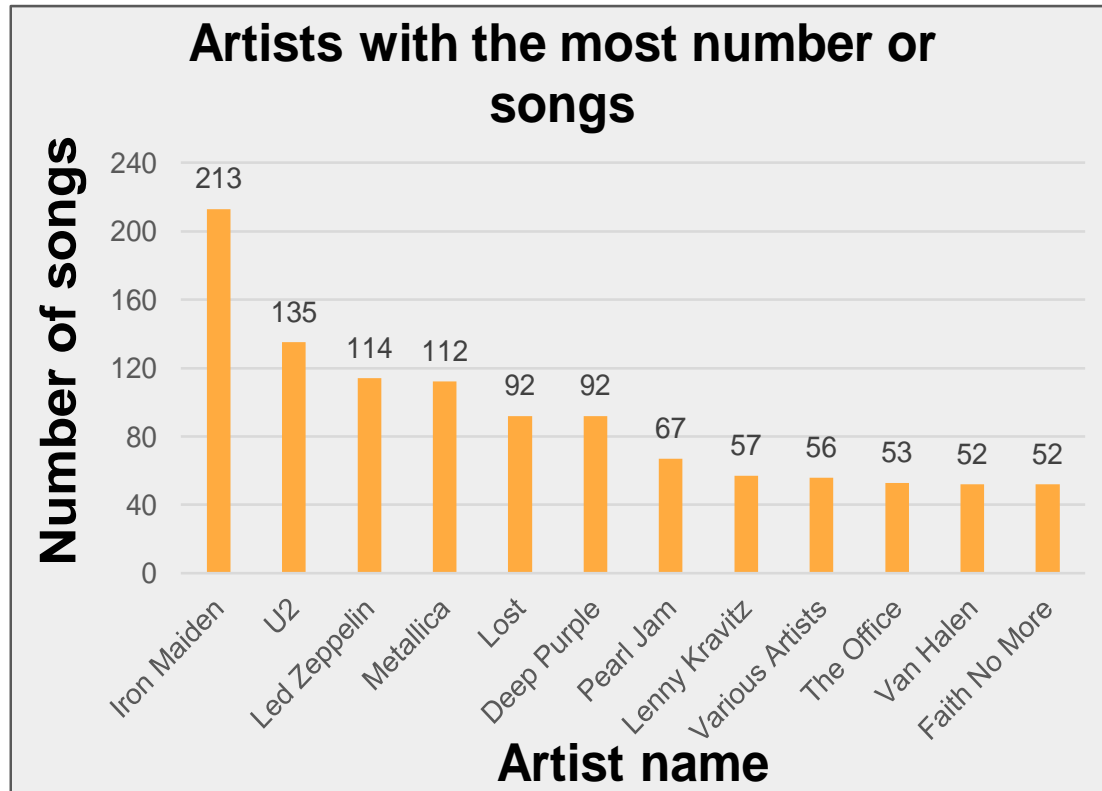

Who is the Highest performing employee ?

Jane peacock had the largest number of clients with 21 clients by a slight difference from his colleague Margaret park who had 20 clients .

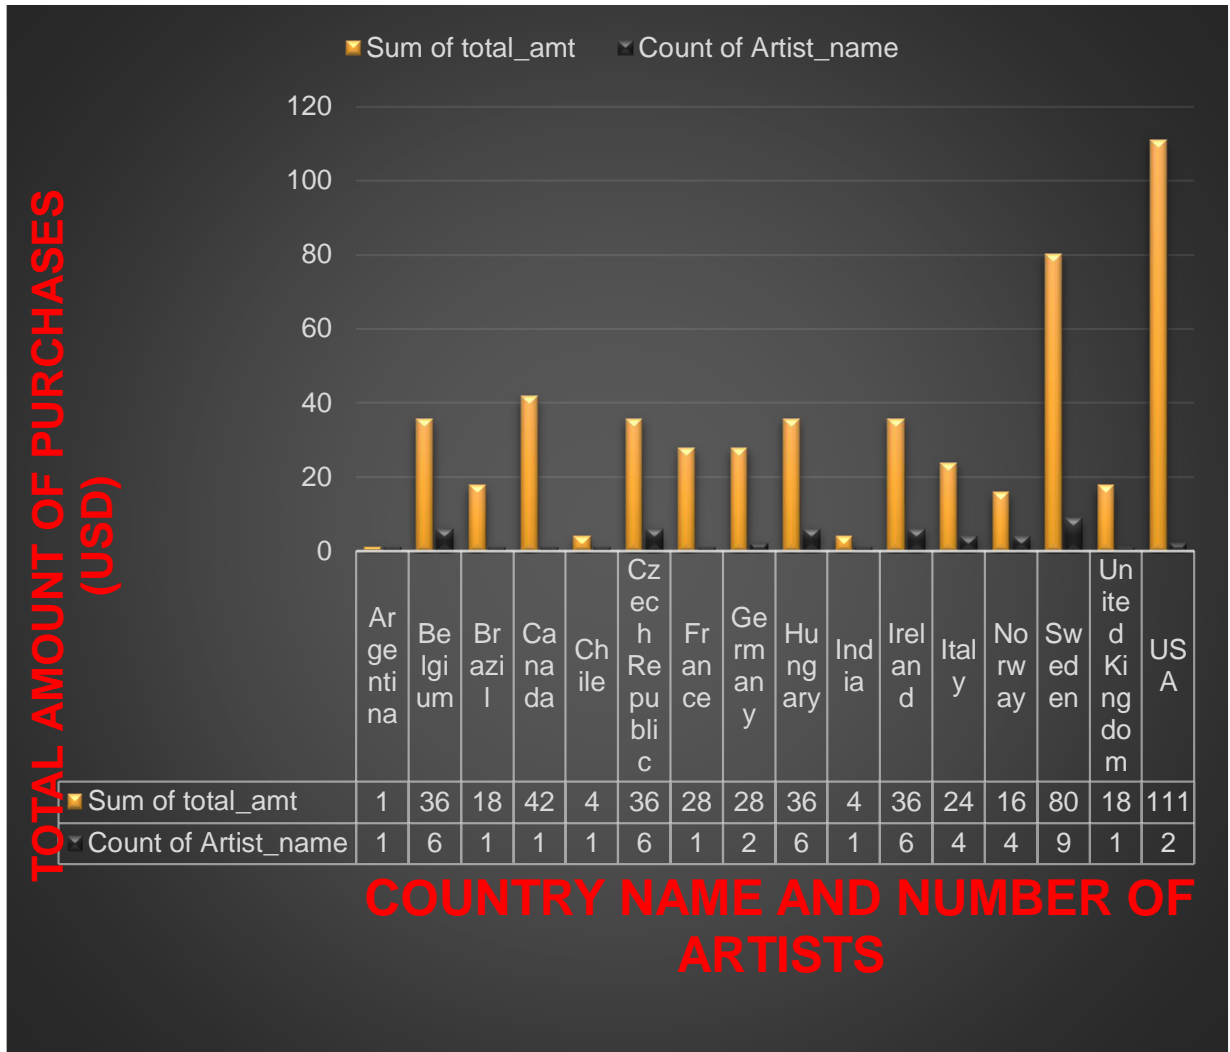

But Steve Johnson is so far from competition as he got only 18 clients so we have to work to improve his results

Which artist has the most songs?

Iron maiden has the highest total amount of songs at 213 songs who is far from his closest compotator U2 who has only 135 songs

What is the name of each artist in each country with the largest amount of revenues?

as we can see that artists in USA (Iron Maiden & Led Zeppelin) did really well as only 2 artists achieved the top performance with 111 USD

Also in Canada our artist Iron Maiden's songs made 42 USD In comparison with the other artists in the other countries
